SEMI-WEEKLY, 4 PAGES.

## TELEGRAPHIC.

WINNIPEG, April 13.

Thousands of buildings have been wrecked by earth quakes in Serbia.  
One hundred miners lost their lives by an explosion in a coal mine in Wales.  
Four thousand striking workmen at the World's fair have returned to work.

There is every likelihood of the embargo on Canadian cattle being lifted by Britain.

Vaudreuil was carried yesterday by Harwood, liberal, who increased his majority from 98 to 155.

Canada's trade with Britain is falling off, although immigration is increasing from the old country.

Hugh John Macdonald says it is generally understood that C. H. McIntosh will be appointed lieutenant governor of the Northwest.

A great ovation was given Dalton McCarthy on Wednesday night in Toronto. He made a great speech amidst the utmost enthusiasm.

The Americans have won the first bout in the Behring sea arbitration, the court deciding not to admit the British supplementary reports.

It is possible that Lord Aberdeen will not be appointed governor general of Canada, as Gladstone needs him to fight for home rule in the House of Lords.

A terrible blizzard prevailed in Manitoba yesterday, delaying trains and interrupting traffic in the cities and towns generally. Reports from the Western States show that the storm reached cyclonic proportions there, doing great damage to life and property.

## LOCAL.

The date of the station shows has been fixed for April 20.

Trains left Calgary at 9:30 to-day, with a car of settlers effects.

ST. ALBERT grist mill has ceased grinding until after seeding.

The gun club will meet on Monday evening in Robertson's hall at 8 p. m.

Mayor Lucas of Calgary came in on Monday's train and went out on Tuesday's.

THERE is more water on the ground now than is usual at this season of the year.

MONDAY'S train brought four cars of merchandise and three cars of passengers.

A FIVE draught stallion belonging to P. McDermott, died suddenly on Monday night.

W. Maloney of Little & Maloney, brick manufacturers, arrived from Calgary on Monday's train.

The river crossing is getting dangerous. There is about two feet of water on the ice at each side.

The last of the winter assemblies took place on Friday evening in Robertson's hall and was quite successful.

The backward and threatening weather of the past few days has cleared. This morning is bright, clear and warm.

W. H. McManis, of South Edmonton, is opening a furniture establishment in the building between Ross drug store and the Bulletin's office.

T. G. Pearce, government immigration agent, leaves for Duluth on Friday's train to return with a delegation of prospectors and colonists about May 1st.

T. A. GREEN has opened a warehouse for the sale of all classes of buggies, between Ross Bros hardware store and P. Heimick & Co's real estate office.

FRANK PRESS, April 7: A small party of French farmers from Quebec arrived from the east yesterday and left for the west in the afternoon. They intend taking up land at Edmonton.

On Monday last before Insp. Chalmers and J. A. McDougal, J. P. P., Mrs. MacDonald was sentenced to one month's imprisonment at Fort Saskatchewan for shooting her brother, Francois Hanelin.

THE date of the stallion and bull show has not been definitely fixed yet as the river may be a little late in breaking up this season, and it is not desirable to have the show until the ferries are running.

FREE PRESS, April 7: Several delegates from Nebraska and Idaho arrived from the west yesterday well pleased with the western country. They have taken up land in the Red Deer and Edmonton districts.

FREE PRESS, April 7: Count de Cazes, the Indian agent at Edmonton, S. W. Jowett, of Regina, who have charge of the Indian and Northwest exhibits respectively at the World's Fair, left yesterday for Chicago.

C. ALLENMAN left St. Albert last week for the south by trail. A horse belonging to D. Chevinny disappeared about the same time, and was supposed to be in Allegard's possession. Allegard was arrested at Wetaskiwin and will arrive on to-night's train, for examination.

A MEETING to organize a company was held in Wilkie & Dickson's office, South Edmonton, on Tuesday evening. The attendance was not large and the meeting was informal. It was decided to canvass for stock in the company and for cows. The necessary plant would cost about \$1,200 and the milk of about 400 cows is required.

On Tuesday the board of license commissioners for license district No. 8 met in the office of Jas. McDonald, Edmonton, for the purpose of electing a chairman and secretary for the year and appointing an inspector in the place of A. H. Rumball, resigned. Jas. McDonald was re-elected chairman, and Geo. S. Wilkins secretary. F. S. Glover of Edmonton was appointed inspector.

Sydney T. Shields and wife, C. H. Shields, wife and family, J. C. Shields, wife and family and W. H. Shields, wife and family arrived from Palouse, Washington on Monday's train with a large quantity of effects to settle in the Edmonton district. The Messrs. Shields were among the first settlers in the Palouse country and have come to Edmonton on representations made by T. G. Pearce, government immigration agent. They have been doing considerable immigration work in the interests of Edmonton on their own account during the winter, and expect to be followed shortly by a large number of their friends for whom they will locate land.

THE land department has provided two large tents at the railway station for the use of immigrants. This is good as far as it goes, but it goes only a short distance towards supplying the necessities which will certainly arise during the next six weeks. If two cotton tents exhausts the resources of the immigration department there is plenty of lumber to be had which could be secured and made up into temporary shanties, suitable for present use without being cut to waste, very much of what it would cost now. This may look like sinful extravagance to our enterprising minister of interior, but this is a time and occasion when a little extravagance is the truest economy. When people are coming in the time to treat them well.

EDMONTON BULLETIN APRIL 13th, 1893

## A JUDGE.

In view of the rumors of the formation of a new judicial district of Northern Alberta the question of the appointment of a judge for that district properly comes up. For upon the legal and moral qualifications of the judges the whole judicial fabric depends. No matter how good the laws are or how elaborate or expensive the judicial machinery, if the judges have not a full knowledge of law and a large and impartial mind which will weigh and understand the evidence without regard to outside considerations, the good laws and expensive machinery go for nothing. They are worse than nothing, for they become engines of destruction rather than powers for good. No doubt there are many applicants for the position and many claims are being put forward. It is to be hoped that in making the appointment the government will consider that the bench of the Northwest requires toning up rather than toning down, and that the legal and other qualifications of the present judges of the Territories will not be taken as the standard of present Territorial requirements. No doubt a strong plea will be made for the appointment of a Northwest man. The BULLETIN desires to say that in this case locality does not matter; what the country needs and expects is the best, no matter where from. It is questionable whether there is in the Northwest a member of the legal profession of sufficiently high standing and large experience to warrant his appointment. If there are any such Messrs. Peter McCarthy of Calgary, or D. L. Scott of Regina are the men. Certainly no man who does not stand the equal of either of these in legal attainments or personal reputation should be appointed from the Territories and much less should any outsider who did not stand on an even higher level.

The Moosehead Spectator was informed by Mr. Haultain, chairman of the Northwest executive committee, that the Dominion government had conceded the demand of the assembly for a vote of money for Northwest government in a lump sum to be expended by direction of the assembly; that the money shall not lapse if unexpended at the end of the financial year, and that \$15,000 of road money which lapsed last year will be available for this year. Hereafter cheques will be signed by the chairman of the executive committee and not by the lieutenant governor.

Regina Standard: Inspector of penitentiaries Moylan is being "crushed" for his remarks respecting the exportation of "youthful imitations of Fagan and Bill Sykes" from England to Canada. But Inspector Moylan has the advantage of practical experience, while his critics are mere sentimentalists. The boys from "Bonnie" have, with a few noted exceptions, disappointed those who took them in charge. Better let them go to Van Dieman's Land, Dakota or Texas.

The Medicine Hat Times announces that the C. P. R. has leased the Leithbridge railway for 30 years. That the Galt company will widen the gauge of that road to the standard by July 1st. That the C. P. R. will build between Leithbridge and Macleod, and continue the grade now completed to the summit of the Rockies into the Kootenay country of British Columbia.

Detroit has 15,000 Canadian-born inhabitants to 7,500 Irish born. Duluth has 3,700 Canadians to 1,600 Germans and 700 Irish. Seattle has 2,700 Canadians, Tacoma has 2,600, Denver has 2,700, St. Paul has 4,800 and Minneapolis 7,700.

Beaver Line Steamship Co. has secured a contract from the Manitoba government to bring out 1,500 Icelandic immigrants during the coming summer. The Icelanders are to be settled near Lake Winnipeg.

Leithbridge News: Staff-Sgt. Belcher, who has been on a three month's visit to the Old Country, arrived home from there in the early part of last week.

Heavy losses of cattle are reported from Salcoats, owing to scarcity of hay, poor stabling and careless handling. The Medicine Hat Times reports a loss of from 5 to 20 per cent of the cattle on the ranges in that region.
